...a house and home
for God's own.

The Littlest Lamb is a nonprofit organization seeking to break the cycle of poverty for Egyptian children who have lost one or both parents. Our mission is to provide a safe and loving home for these children, and guide them to individual, spiritual, and educational success. In this way, we hope to rid the orphans of the widespread stereotype of being social burdens. With the dedication of our supporters and a raised awareness of this issue, we hope to ensure a better life for the young and impoverished in Egypt.

GROUND-BREAKING SCHEDULED!

The Littlest Lamb project is in full swing, and a date has been set to begin construction of the orphanage just outside of Cairo, Egypt! Last month we met with top engineers and architects in Cairo to finalize our timeline. A team of highly qualified professionals has been assigned to the project, and its members appear to be just as enthused as we are! The visit also confirmed that the orphanage will use solar energy to heat its water, and therefore be a **GREEN** facility. We are truly ecstatic about these reports, and promise to keep you informed in the months to come!

Can \$1/month help build an orphanage?

You decide!

Considering the tough economic times that we are currently facing, The Littlest Lamb would like to ask for just a **little** bit of your help. We are offering the option to donate as **little** as one dollar per month (\$12 a year!) to allow supporters of all ages and incomes to partake in this unique orphanage project. The procedure is simple and automatic, with no additional fees.

Our goal this year is to sign up 5,000 people for online monthly credit card donations, starting as **low** as \$1 per month... that's **less** than 3.3 cents a day!

You may be thinking, "How can **only** \$1 a month make a difference?" If one person were doing it on their own, that would be a concern. But if thousands stand with us and give just a **little** bit, that **little** will go a long way towards making this dream a reality. We know it's an ambitious goal, but we believe we can achieve it with your help. With that in mind, know that no monetary contribution is too small (or too great, for that matter!) for the lambs.
